PME RESEARCH LABORATORY, JULY 1980

PROJECT TITLE : SALAMANDER-II

PERIOD COVERED : JULY 1980

WRITTEN BY : Y. GENOUD

The objective of SALAMANDER II is to develop zero ISH cigarettes of commercial quality.

As several results are still missing, there is no report this month on this project.

The work is continuing on the preparation of derivatives of cysteine, cystine and thiazolidine compounds and on the cigarette prepared for the project SPOTLESS (1).
